

SIGNAGE, DIRECTORIES

Interior directional and door signage and building directories for new construction or renovation projects must conform to the placement, layout and construction requirements given in the current version of the UNL Interior Signage policy. The policy may be viewed at:
<http://fmp.unl.edu/fpc/InteriorSignage.shtml>

The purchase and installation of interior project signage may be included as part of the contract for general construction or may be handled under a separate contract, as determined by the Project Architect in conjunction with the UNL Project Representative.
